Description of district's efforts to screen and identify dyslexia
All students grades K-6 are screened using AimsWebPlus or Star Reading or both, both in the fall and throughout the year to measure progress. For those students who are below benchmark, Title provides reading interventions. For those students who fail to show adequate growth, as determined by our STAT team, may be recommended for further testing. It is during this further testing that those students suspected of having dyslexia would be screened specifically for dyslexia.

Description of district's efforts to screen and identify convergence insufficiency disorder
All students grades K-6 are screened using AimsWebPlus or Star Reading or both, both in the fall and throughout the year to measure progress. For those students who are below benchmark, Title provides reading interventions. For those students who fail to show adequate growth, as determined by our STAT team, may be recommended for further testing. It is during this further testing that those students suspected of having c.i.d. would be screened specifically for c.i.d.
